

# SUPPORT COORDINATION SERVICES

## What makes Columbus different?

For 38+ years, Columbus has been at the forefront of change in support coordination, always focused on putting YOU at the center of all planning and supports. We understand that your goals and visions are most important. We listen. We also know that achieving your goals depends on the people who support you, so we make sure our team comprises the most knowledgeable, skilled, dedicated, and passionate Support Coordinators available. We put every individual with intellectual/developmental disabilities, behavioral health concerns, or complex needs at the heart of what we do because everyone deserves a meaningful life.

### The Future of Support Coordination:

We are committed to making sure you have the best supports available by investing in ongoing education and training programs for our staff. We also apply a team approach to supports so that your Support Coordinator has access to the collective knowledge of our entire team in areas of health, behavioral needs, social connections, and resources.

### Person-Centered Support:

We don't believe a checklist represents a person. You need an advocate who is available and accessible - someone who knows you, understands how to listen, and addresses your concerns. With expert experience and a long-standing presence in your community, our Support Coordinators help you by navigating, accessing, and advocating for the resources you need, providing you with personalized choices and opportunities.

### Here When You Need Us:

We understand that life does not stop at 5 PM. Rest assured that when you need us, we are as close as a phone call away. Whether it is to answer a question or assist in a crisis, our highly trained and experienced Columbus staff are there to help you.

### Partner with Us

We at The Columbus Organization want to support you in your journey. We want to make sure you receive the services that are most important to you and will tirelessly aid you in living the life you want for years to come.

### Our Services
